

AROUND THE CITY

LOCALS.

A special train No. 12, will leave Edmonton for Stony Plain on Monday Day July 1st, at 10 a.m.

The Department of Public Works is calling for tenders for coal for the various public buildings. Tenders will be received up to noon July 5th.

Arthur Stewart, of Leduc, came before Thomas Turnbull, J.P., at the Mounted Police Barracks yesterday afternoon charged with the selection of a 2-man shaver. Stewart was released until July 5th.

NEW BANK CONTRACT AWARDED.

A contract for the new Union Bank, on Jasper avenue, opposite Howard street, has been awarded to the Montreal National Co. for \$1,000,000. The bank will be three stories high, of Bedford white stone front similar to the Canadian Permanent Building. The remainder will be of Edmonton pressed brick.

FOR BOYS' BRIGADE FUND.

The appeal for help with regard to the boys' brigade camp fund has met with a generous response from the Starland Theatre, which will give a special matinee next Saturday for the purpose of replenishing the coffers. The boys will co-operate with the staff by giving several numbers to the selected programme. The offer has been kindly sanctioned by the Rev. Archdeacon Grey.

TROUBLES IN POLICE COURT.

An illustration of troubles which arise "when the rent comes round" was afforded in the police court yesterday afternoon. While the bailiff was conducting a sale of the effects in the Caledonian Temperance Hotel, on Fraser avenue, the wife of the former proprietor was on trial in the police court for improper dismissal of two servants and the non-payment of their wages. L. London, the proprietor of the Caledonian Temperance Hotel, failed to meet his landlord's demand for the payment of the rent of the property occupied by him. His wife, as housekeeper, employed two servants. On June 21st the house was closed by the sheriff on action taken by the landlord to recover his rent. The two servants, who were now as long as to their mistress, who was shut out of her house, brought action against her for improper dismissal and the payment of wages. Everything in the house was sold out by the bailiff, no exemptions being made. The sale was going on at the same time as the case in the police court, where judgment was given for the servants against their mistress. F. D. Myers, who conducted the case for the defendant, Mrs. London, was highly appalled at the decision of Macleod J. in the case on the ground that the plaintiff was closed out of her house, where the servants were employed. It was impossible for her to continue their employment.

SCHOOL OF EXPRESSION.

Judging by the crowds that completely filled the theatre, school No. 11 last Monday evening, the popularity of the Alberta College School of Expression is greater than ever. Its director, Miss Hicks, has certainly every reason to be proud of her pupils who so ably acquitted themselves on that occasion. The programme presented was a varied one and full of interest from first to last.

Not being a competent judge of music, I shall dismiss that part of the programme by saying that the selection "It sounded good to me," and it certainly was the programme to leave three violin solos, two piano solos and one vocal solo interspersed with the elementary language that was set forth.

The programme went through without a single hitch, all the performers doing their part with enthusiasm.

To participate a little, as I have been asked to do along the line of selection, I may say that Miss Zola's recitation, "Heave Heave," was given in a very artistic manner, but was somewhat lacking in vigor and ruggedness and a certain heavy method that must always be associated with selections of this class. Miss Heister's two recitations were catchy and took well with the audience. Her impersonation of a child was the weak feature of "Mending Ravens," but her humor was fine and irresistible. Her second selection was well done and made up to gracefulness what it lacked in snap. The most finished recitation was that given by Miss Fleming, namely, "Ade Italiane." Her facile analysis of the poem was all that could be desired, and with the exception of a little weakness on the climax and an almost too intense inward reflection, the rendition was perfect.

Without doubt the play, "Miss Doulton's House," was the most interesting part of the programme. It was in fact the piece de resistance, and held the audience from first to last. Miss Loomer made a charming hostess and went through her difficult role well. As the newly engaged girl Miss Zola Howe was charming and kept the audience holding over with action. The third act was a feast of laughter at her serio-comic words and actions. The improvised "men, too, bore their coats and vests with wonderful abandon, and fairly glories in the possession of numerous pockets. Where all were so good in their parts as to have been invited to make distinction, but the acting of Miss Fleming must be specially commented upon, her dry humor and her terse expressions never failing to find response in the audience. The very best of the evening was given in the last, however, for in the posing of the physical culture class grace and beauty were combined. The appropriate Greek dress and coiffures of the twelve girls in the last scene, blended harmoniously with the dramatic sentiment of the poem and brought to a fitting close this most excellent entertainment. Extracts from the poem, "The Lotus Eaters," were fittingly read by Miss Hicks.

STRAITHCRA GUARANTEES.

Mayor Lee has received a communication from the Straithcra city council, stating that they have forwarded to the C.P.R. through the Imperial Bank, their guarantee of \$100,000 towards the cost of the bridge.

LIVE WIRE CAUSED FIRE.

The engine from fire hall No. 2 and a 3-wheeled car, which was being driven by a fireman, were on the corner of N. Main and Grosvenor streets, when a live wire from the street lighting system was touched by a fireman. The fire was extinguished, no serious damage having been done.

OPPOSERS REMOVAL OF PEN.

City commissioners yesterday afternoon paid a visit to the Edmonton penitentiary and were shown through the building by the Dominion Inspector G. W. Dawson. The city officials brought before them the suggestion as to the removal of the grounds to the outskirts of the city. In this Mr. Dawson took strong objection owing to the large amount of construction work already done.

FUNERAL OF MRS. ARCHIBALD.

The remains of the late Mrs. Archibald, of seventh street, will be taken east to her mother's home at St. Mary's, Ont., for interment, where the funeral will take place on Monday, the 4th inst. Mrs. Dawson, of Dawson, the late Mrs. Archibald's sister, reached the city yesterday and will accompany Mr. Archibald on his last journey east.

The heartfelt sympathy of the entire city has been extended to Mr. Archibald in the bereavement he has sustained. Prof. Delany, of the University of Idaho, is spending a few days in the city, the guest of W. G. Harrison, of seventh street. He will spend the summer on the ranch of his brother, near Redevick.

TWO WEEKS UNDER CANVAS.

The scheme of a camp for seven and children as outlined in a recent issue is in brisk progress.

The ladies and gentlemen of the United Aid are putting into effect a surprise number of time and effort. Their endeavor will be to have a large number of the beneficiaries of this two weeks outing. Those who have visited the spot on the "Glimpse" property say it is a most desirable place for the camp. Where the outlook wanders over the Saskatchewan.

The scenic effect is one of the chosen picturesque views surrounding the city, and the park occupies 220 acres of land, all fenced in. The fresh air will be unobstructed day and night, and the country will be as best. There will be no artificial roads, and with grove of shaded trees, and the bright influences will be thrown around the camp.

Timely instructions have been received from Dr. Whitaker as to the water supply and sanitation, which the Aid management will see carried out. The medical health officer speaks in glowing terms of this effort to relieve the ill and improve the condition of many a home in the city. In spite of rigid economy there is quite a few homes which have throughout this winter had only scanty fuel, and many an overworked mother battling with a family will have an opportunity to see the bright, brightened, and be physically benefited by this two weeks' outing. The expense connected with the project of such a holiday would be at the cost of an unobtainable barrier, but it will cost nothing to those who avail themselves of the Aid invitation.

Successful parties, capable of being comfortably entertained will be taken out to the grounds every two weeks, the whole camp covering a period of two months. A plentiful supply of fresh milk may be looked forward to, as well as healthy recreation. To make a plan feasible, a system of boxes for contributions will be placed at different public centers, when the large-hearted and better circumstances of citizens will have the opportunity of helping forward this excellent movement.

MACLEOD, MAN IN TROUBLE.

Detained at Border While En Route to Spokane—Was in Financial Difficulty.

Macleod, June 25—William Hundt, a prominent contractor of this town, was detained at Kamloops, B.C., yesterday, at the request of the Mounted police, charged with obtaining money on false pretences. Hundt, with his wife had tickets for Spokane, but he was stopped at the border by the American immigration officials on the telegraphed notification of the police that he was an undesirable character. Sergeant Hault is being sent to bring him back to Macleod. Hundt, who has been in financial difficulty for some time, was about \$12,000, mostly to lumber and hardware dealers. He has been a speculative builder on an extensive scale and made his mistakes too few. Creditors have placed liens on many houses, built by him. His workman's wages are far in arrears. Hundt is charged with taking \$450 from Mrs. C. C. Edwards, alleging that he had paid it for contract work on the house he was building for her, when in fact the money had been so paid. He disposed of all his furniture and left, yet on the Spokane flyer Monday night. He is a member of the Macleod town council.

JUDGE WAS LENIENT.

Hold-up Men at Fernie Got Off With Few Months in Jail.

Fernie, B.C. June 28—Judge Wilson, presiding at a special meeting session of the county court here this morning, sentenced Roderick Dunlop to three months in jail, the sentence to run from date, for complicity in the actual hold-up, having only shared in the proceeds, while John had been one of the two men who, did the actual holding.

Jonger, found guilty of complicity in the Coal Creek hold-up of last February, his honor sentenced Fred Heltage to six months, dating from the time of his arrest, and John Heltage to two years from the same date. The difference in the length of the sentence was on account of the fact that Fred had not participated in the actual hold-up, having only shared in the proceeds, while John had been one of the two men who, did the actual holding.

The Great Popularity of Our Saturday Offerings has Made it One of the BUSIEST DAYS of the Week

It proves that conscientious effort is always recognized. Values in this announcement are not items taken at random, but offerings specially prepared for Saturday.

It is and always has been our policy to clean out stocks while new. It costs money to do this, but we get the benefit in clean stocks, and customers have the advantage of reduced prices when they are best appreciated. Another reason for these early clearances is that our forthcoming fall stocks require every inch of space we can give them. With this short preface we submit the following, all of which are new goods of this Spring's make:

Buying These Summer Shirts at 65c

Means saving enough to buy three or four of the fine neckties in this sale at 45c. Both the Shirts and Ties are of our usual A1 quality.

UNCLE SAM SEEKS TO MAKE ARMY EFFICIENT

Only Highest Class of Men Are Now
Selected in United States Army
Actual War—Standards Are
Raised.

Washington, June 28.—With the
army reorganized, the same process
is now being applied to the United
States army, with a view to giving
that country an adequate land fighting
force.

At no time in the last score of
years has such care been exercised
in the selection of men who volun-
teer for enlistment in the army.

New instructions issued to army
officers in charge of recruiting are
the result of much consideration of
the methods of examination, and are
designed so that there may be a
standard of mental and physical
qualifications.

Officers from the army have
made it appear that recruits, espe-
cially in prosperous times, are as hard
to retain as they are to obtain, but
the fact that there is a constant in-
creasing the size of the army at the
present time has made it possible to
be unusually careful in selection.

Quality, rather than quantity, is the
essence of the new orders.

The instructions are specific in de-
tails, and have uncovered no charac-
teristics which would be useful for
guidance in the acceptance of those
who apply for enlistment in the mili-
tary establishment.

One important rule makes it im-
possible to accept as a recruit a man
with an unsightly facial blemish. The
military authorities think it is im-
possible to maintain discipline in a
unit if it contains a man with a
blemish which would be a source of
ridicule to the individual in the ranks.

The instructions are specific in de-
tails, and have uncovered no charac-
teristics which would be useful for
guidance in the acceptance of those
who apply for enlistment in the mili-
tary establishment.

The real theory at the bottom of these
orders is that blemishes very
frequently are the result of ill-health.
The department is working toward re-
tailoring an army in perfect health,
men who will be able to stand the
long marches and plenty of hard
work.

Examinations Strict.
Under the new system recruits are
now examined at five or six depots,
and the examination is conducted by
regular medical officers, who under-
stand what is necessary in a recruit.

This means it is possible to ca-
ribalize uniformity in acceptance
of recruits.

Previously the examinations were
conducted at the many recruiting de-
pots by civilian physicians, who were
paid in accordance with the number
of examinations made by them. These
civilian physicians did not under-
stand exactly what was desired, and
in consequence there frequently were
acceptances of men who later had to
be discharged for inability or because
incompetent for duty and claims for
pensions. The old system not only
cost money to the government, but
proved exceedingly expensive.

Now recruits are only provisionally
accepted at the various recruit-
ing stations and are then transferred
to the regular depots for the entrance
examinations and formal acceptance.
Under this new method it is possible
to eliminate men who are liable to
incapacitate the government by the
amount of disability which ordinari-
ly have been overlooked under the
old system.

Great care is now being exercised
to ascertain antecedents and personal
habits in order to exclude men whose
conduct would have an unfavor-
able influence on their associates.
In this particular the new ex-
aminations are not only physical and
mental, but to some extent psycho-
logical.

Men Who Will "Stick."
It is realized by the war depart-
ment that the best way to prevent
desertions is to get the kind of men
who "stick" to that which they set
to do.

The regular army, it is stated, is
the smallest in proportion to popula-
tion of any of the great powers and
is therefore deemed absolutely ne-
cessary that it should maintain the
highest standard of excellence.

Aside from the care with which
recruits are being selected, the life
of army men is being made much
more pleasant than formerly on the
theory that this is absolutely ne-
cessary in order to attract the higher
class of men into the service. How-
ever, the health and comfort of
men are receiving more consideration
than ever before in the history of
the army.

It has been ordered, for instance,
that more care be given to the fac-
toring of the soldiers. The mobil-
ization of troops depends upon their
power, and anything affecting or
improving this is considered of
importance. The fighting power of the
army, under the new proposals, with
this end in view, is one that will be
added to the marching equip-
ment of the army.

It was with a full realization that
the proposal might be ridiculed that
the department has made it. Under other
circumstances that might have been
the case, the fact of the matter is
that when they are re-
ported on according
to the instructions
of the department,
they are not
actually rejected,
but are added in
the list of those
who are not
suitable for the
army. It is held
that the foot
march is the most
important thing
in the military
service, and that
the man who
cannot stand the
hard work will
be of no use.

PROCLAMATION

Be It Known to All Men

The \$25,000 stock of John C. Macdonald, better known as Mac's Clothing Store, consisting of all kinds of Men's and Boys' Furnishings, Clothing, Shoes, etc., will be thrown on the market **SATURDAY, JULY 2nd**, at the mercy of the buying public, sale to continue until all liabilities are fully met, even if it should take until the bare walls are reached.

This will be a sensation in the Clothing and Furnishing Goods trade that will paralyze all competition. This mighty movement will bring wonder and consternation to the eyes of everyone who can possibly crowd into this establishment to see these helpless and sacrificed offerings as they really will be.

This sale will set the people of Edmonton talking in surprise. Truly superlative values; the value climax will be reached; the purchasing power of a few dollars spent at the great distribution of this stock will be wonderful. The prices which this stock will be marked down to is bound to command immediate riddance.

The News has
Spread like Wildfire
Be Here Early

We have been in the clothing business in Edmonton for a number of years and have earned the enviable reputation of being thoroughly reliable in all our business transactions. Our every ambition to please our customers prompted us to put in a big, fine stock of clothing and furnishings to please all customers; and now through unforeseen circumstances over which we have no control, we are forced to sacrifice our entire stock at prices that will sell on sight. Be on hand at the opening.

The Entire Stock at the Altar of Sacrifice

PROMPTLY AT 9 O'CLOCK SATURDAY MORNING, JULY 2ND, the doors to Edmonton's greatest bargain feast will open, welcoming the people of this city and community to the greatest outpouring of merchandise; the greatest sale ever inaugurated in the city of Edmonton. You can scarcely picture these marvellous clothing values as they will appeal to every one on sight.
